

Industrial Math in Spain, and its impact

Pablo Pedregal

Universidad de Castilla-La Mancha
ETSI Industriales, 13071 Ciudad Real, SPAIN
`pablo.pedregal@uclm.es`

I will discuss about the main network in Spain coordinating the collective effort in Industrial Mathematics: MATH-IN. In addition to providing a few basic data on this association, I will focus on several success stories. I will also talk about a fundamental recent study on the economical impact of Mathematics in Spain.
